- 16) One fundraiser will be held every year, organized by the preschool executive and parents in a combined effort. Participation by all parents is mandatory. There will be a non-participation charge of \$50 if the parent chooses NOT to participate in the one selected fundraiser. All other fundraisers held throughout the year will be on a voluntary basis only.
- 17) The appointment of the new executive will be decided upon prior to the new session. It is understood that the executive is elected to represent the USCC Organization as well as the parents of the children enrolled and has the right and responsibility to make decisions as deemed necessary.
- 18) In consultation with the USCC Executive, all purchase of equipment shall be a preschool executive and teacher decision.
- 19) Financial arrangements regarding wages of the teachers shall be a preschool executive decision. Teacher salary reviews shall be conducted each year and the contract finalized before the start of the new session.
- 20) The executive shall maintain a personnel file on the teachers including a copy of all relevant education and training. All personnel files and records will be maintained for a minimum of 2 years.
- 21) All financial concerns will be dealt with by the USCC through the Grand Forks office. All monies will be submitted to the USCC and payroll and expenses will be their responsibility.
- 22) Fees are used to pay the salaries of the teachers as the USCC is non-profit. Fundraising covers any other expenses. Fees are payable by the first of the month and post-dated cheques are mandatory for the school year until the end of May. If this is not possible, arrangements will need to be made with the Treasurer.
- 23) There will be as least two parent meetings a year! One meeting is to be held before the end of October and the other meeting will be held in February. Minutes of this meeting will be kept and sent to both USCC offices – in Brilliant and Grand Forks.
- 24) All records are confidential and access is only available to the teachers and the preschool executive.

- 25) All documents and minutes of Executive meetings are open and available upon request. The minutes of each Preschool Executive meeting will be sent to the USCC offices – Brilliant and Grand Forks.
- 26) All parents and staff of the preschool are required by law to report any suspected or disclosed abuse. Failure to report abuse can result in prosecution under the Family and Child Services Act. Child abuse by definition consists of physical, emotional or sexual abuse and includes neglect.
- 27) Any concerns that parents may have should be brought to the attention of the Preschool Executive Chairperson or the USCC office in Brilliant.

Every effort will be made to address the problem and deal with it in a timely manner. Documentation of all complaints will occur and be kept in the preschool records.

Follow-up as to the concerns will be done by the Chairperson and also documented.

## **ARTICLE II: THE PROGRAM**

- 1) The program schedule will be either from 9 to 11:30 am or 12:30 to 3:00 pm. Drop off time will not be more than 15 minutes prior to class start.

The rough framework will be as follows but shall be up to the discretion of the teachers depending on weather, number of students etc.

### **Program components include:**

9:00 – Arrival

9:00 – 9:45 – Greetings – Free play

9:45 – 10:00 – Learning Circle

10:00 – 10:20 – Art

10:20 – 10:50 – Snack time

10:50 – 11:30 – Outdoor Play

11:30 - Dismissal

### **Overview of Activities:**

**Free play** – Free and unstructured play provides opportunities for learning and social interaction. Self-directed centers of interest are set up to allow children to independently choose activities that help them separate and adjust to the beginning of the day. The children will have many opportunities to be engaged in active play and also in quiet and relaxed zones.

**Circle Time** – Circle Time is a more structured setting where children are asked to practice self-regulation, increase attention span, and develop listening skills. The children greet one another, record the weather, mark the calendar, sing songs, listen to stories, practice finger plays. We encourage children to take turns talking and listening to each other. The teachers throughout the class will speak Russian thereby introducing children to the Russian alphabet, colours, numbers, poems and songs etc.

**Show and Tell** – While children share their own special items from home during this activity; it is also a learning experience. Show and Tell allows children to develop language and cooperative skills in a familiar social context. The four year old class brings in items relating to the letter of the week, while the three year old class chooses any item to share.

**Art** – Art projects provide children with opportunities for expanding their creative expression and imagination as well as discovering aesthetic pleasure from art itself. Fine motor skills such as holding a paintbrush and cutting paper are developed when children create art. We encourage self-directed art projects that are unique for each child.

**Clean Up/Snack** – Children share the responsibility of cleaning up the preschool. Snack is a social time where children learn table manners and visit with each other and the teachers. Healthy eating is promoted and a variety of nutritional foods are a part of snack-time.

**Outside Play** – We use the playground outside the preschool daily. Children develop their large motor and social skills during outside play. A climbing structure, swings, slides and bridge are included in the playground equipment. The teachers will often provide a variety of outside toys for more engaging play, such as balls, parachute, hula hoops etc.

- **Constructive Play Activities** – Arts and crafts, outdoor activities, organized games, supervised free play.
- **Social responsibility and diversity** – Dramatic play, puppets, interactions with peers and adults, practicing independence skills.
- **Language** – Books, stories, songs, puppets, felt stories, interactions and problem solving.
- **Literacy skills** - Journals, exposure to a variety of writing instruments and materials.
- **Kindergarten readiness skills** – Introduction to the alphabet, recognizing and writing names, classification and seriation; colours, shapes, sizes, opposites, numbers and time.

- **Music** – Experience with songs, dance, instruments and movement.
- **Senses** – Learning by experience, through sensory involvement with the world around us.
- **Field Trips** – Discovery of the community, culture and heritage through first hand observation and interaction.

2) Discipline/Guidance

Rules and expectations will be reasonable and appropriate for the children’s developmental level. They will be set out in advance and reinforced in a positive way. The children will be allowed to experience the natural consequence of their actions within reasonable and safe limits. Inappropriate behavior interferes with a smooth operation of the class and a child may be asked to spend some time away from the class (but within the same room). The teacher will discuss the behavior with the child, who will then be allowed to join the group again. All behavior issues will be discussed with the parents.

3) All children will be signed in and out by the parents upon arrival and departure. Late pickups should be communicated to the teachers. The child will be cared for by the teacher but parents and emergency contacts will be called if the child is more than fifteen minutes past pre-arranged dismissal time. Continual late pickup may be addressed with removal from the preschool program.

4) **Recovery Plan:**

- It is critical to identify the specific assistance that children and staff need immediately after an evacuation.
- When threat of danger has ceased an inspection of the facility will be performed by William Popoff and other services as needed.
- Once the facility is declared safe, staff and children can return to the building.
- If the facility is unsafe, parents or listed alternate caregivers will be contacted to pick up each child. Staff cellphones will be used for this contact.
- Parents or caregivers will be asked to sign the daily roster form next to their child's name on pickup.
- The manager will complete a written incident report to the executive committee of the USCC facility and the Licensing Officer as soon as possible.
- The teachers and children need to be monitored by the director as they experienced an emotional experience and may need help coping with their feelings of anxiety and stress by professional counselling.
- It is our priority to educate families and children on the Emergency preparedness plan and out of contact information.

- 5) Parents are welcome to visit the preschool at any time and access to their children is not restricted. It is asked that no disruption to the classroom occurs during visitation.
- 6) Children are expected to be toilet trained as there are no facilities for diaper changes. Accidents do occur with young children. The child shall be taken into the bathroom and helped to change the clothing – soiled clothing shall be placed in a plastic bag and put in the child's cubby to be taken home by the parents.
- 7) Children wash their hands before and after snack and after going to the washroom.
- 8) Parents are responsible to ensure that the teachers are informed as to who is picking up the children as a part of the registration form.
- 9) Except for the sharing item, toys and items from home are discouraged.
- 10) Clothing should be comfortable and suitable for the weather. Runners or comfortable shoes should be worn – indoor use only. A separate pair should be used for outside play. A complete change of clothes should be provided at the start of the year and will remain at the preschool to be used as necessary. All belongings should be labeled clearly.
- 11) The preschool is a vegetarian facility so meat is forbidden as a snack. Food allergies should be made available to the teachers so a list may be posted. Juice and junk food are also discouraged; healthy snacks for each child should be provided. No sharing of food is allowed at the preschool.
- 12) **Food and Drink Policy:**
  - USCC Children's Orchard Preschool regards snack time as an important part of the Preschool day. Snack time provides social opportunities for children and opportunities to help develop appropriate table manners and promote healthy lifestyles and well-being.
  - The educators will promote the healthy eating and nutrition habits which are essential to a child's growth and development. The staff will encourage snacks that are in accordance to Canada's Food Guide. They will also be able to provide parents with information on healthy eating.
  - Parents are required to send a healthy snack for the own children. We highly recommend eliminating high sugared food. We suggest vegetables, fruit and protein.
  - Any allergies are to be noted when filling out the child's registration forms. An allergy list will be posted on the wall beside the teacher desk. Please provide your child with a water bottle every day.
  - No meat and juice.
  - The teachers will provide supplemental snack to the children that remain hungry or due to circumstances without food.

- The teachers will not use food or beverages as reward for good behavior, and will not withhold food or beverages as a punishment.
- 13) Immunization records are a part of the registration form. The preschool requires this information.
- 14) Fire Drills are carried out regularly. A copy of the emergency plan is posted within the preschool facility.
- 15) **Guidance Policy:**
- Guidance is a continuing process of directing behavior to assist children in developing self-control, self-confidence and self-discipline. It is based on a concern for the safety and well being of each child in the facility.
  - For the prevention or reduction of potential conflicts the facility environment is arranged to align with the children's abilities. Clear and simple limits are set. For dealing with children's behavior the staff will use diversion or distraction (change the children's activity); natural or logical consequences; offering manageable choices; modelling and demonstration (setting a good example); and redirection.
  - Any form of discipline which could harm a child in any way, physically or emotionally is unacceptable. When practicing behavioral guidance all staff must ensure that the guidance is appropriate to the age and development of the child who is receiving the guidance.
  - The USCC Children's Orchard Preschool promotes positive guidance and discipline (which means "to teach") strategies when a child's behavior is considered inappropriate.

Positive guidance and discipline strategies at USCC Children's Orchard Preschool will include:

- Anticipating trouble before it starts. This can happen by controlling and supervising the environment the children are in.
- If a child is having a hard time managing in an activity, we will move on to another activity. E.g. "Let's do a puzzle together." This provides a good opportunity to talk to the child. Often talking can get to the root of the problem.
- We give the child reminders of what is appropriate. This helps the child maintain self-control.
- We give the child choices. We find offering a choice of several activities gives the child a feeling of self-control and leaves them happy with their choice. We ensure that the choices we offer the children are acceptable.

- We try to make our messages clear to the child so there is no misunderstanding.
- The staff points out to the children the logical consequences of their actions.
- Group discussions with the children are held, and at this time appropriate and inappropriate behavior is discussed. We talk about appropriate ways to express our feelings, and that it is okay to have feelings. E.g. it is ok to be angry, sad, lonely, happy, scared, etc.

#### **16) Cleaning Procedures:**

All staff members are expected to be involved with cleaning duties in the Preschool. Daily cleaning is an ongoing process during the preschool day. If any staff member notice an area in need of cleaning they are expected to clean that area. If this cleaning will take you away from supervision duties for any amount of time please inform other staff to cover your duties while you are cleaning.

#### **Daily cleaning includes (spray and wipe with disinfecting cleaner):**

- Eating areas
- Toileting areas
- Play areas
- Backs of chairs
- Emptying of garbage cans and reline with bags
- Floors (sweeping and washing)
- Carpets (vacuuming)

#### **Monthly cleaning includes:**

- Kitchen, workshop and dress up areas
- Toy bins and shelves area
- Doll house, book area, puzzle area, painting easel
- Desk area, art area
- Preschool walls, ceiling, and the interior of cupboards and storage area are to be cleaned on an annual

- 17) Children with illnesses should stay home. If children become ill while at preschool, the teacher will contact the parent or emergency contact to take the child home.

- 18) The children may perform in various functions at the Brilliant Cultural Centre including Christmas and the Children’s Festival. The songs are learned in class but the performances are, although encouraged, optional at the parents’ discretion.
- 19) Absences should be informed of in advance. Every parent receives the phone number of the preschool.
- 20) If outside play is not possible due to weather, there is a “gym” space just outside of the preschool room in the Brilliant Cultural Centre. All activities are supervised by the teachers.
- 21) Children are not allowed to leave the preschool room unless accompanied by an adult.
- 22) Strict regulations govern the administration of medications in group child-care facilities such as the preschool. When a child requires prescription medication during the day, parents must obtain an Authorization for Prescription form available from the teachers. This form **MUST** be completed by the parent before teachers are permitted to administer the medication according to physician’s orders.

Preschool staff are not able to administer over the counter medicine such as cough syrup, aspirin (Tylenol), vitamins or other non-prescription medications except where the medication has been prescribed by a doctor. This policy exists to protect children, parents and staffs as the preschool teachers are not qualified to make judgment calls about appropriate administration of these medications. Concerns should be communicated to the preschool teachers. We strongly encourage parents to administer the medication **BEFORE** and **AFTER** preschool. Staff will only agree to administer the medication if it is a special circumstance and is accompanied by a Doctor’s note!

- 23) Toys shall be washed at least every two months – although the teachers will be responsible for this – all help will be appreciated. Parents are encouraged to step forward and offer their assistance!
- 24) **Safe Release of a Child**
  - a) Children will only be released to an authorized person, as listed on the Child Release Form at the Preschool --- The child will not be released from the facility to anyone except: The parent/guardian of the child or a person authorized by the parent/guardian in writing on registration forms who is 16 years of age or older.
  - b) If an unauthorized person arrives to pick up a child, the family will be contacted.
  - c) Additional persons may be added to the list in writing.

- d) If a custodial agreement exists, a copy must be made available to the staff. It is the responsibility of the custodial parent to keep these records current. A child will not be released to a non-custodial parent, with a court order on file.
  - e) No child will be released to a person who appears to be incapable of providing safe care (e.g. if the authorized person appears to be impaired, the Teachers will then contact the next person on the child's release form)
  - f) If obviously intoxicated authorized pick-up person insists on driving, staff will inform the person that they are breaking the law and endangering the child's life. The staff will also inform the person that the police will be called immediately. If the police are called they will be notified of the child's home address, description of the vehicle, and any other whereabouts they may leave to.
  - g) If no one arrives at the end of the day to pick up the child, parents and emergency contacts will be contacted. If the child is not picked up within 15 minutes of the class ending the staff will attempt to contact the parents. If the staff cannot contact the parents the emergency pick-up contact will be called. Parents are asked to call ahead if an emergency will keep them from picking up on time or if the pick-up person has changed.
  - h) If the Teachers are unable to reach parents or emergency contacts or they do not respond or no one is able to provide safe care, the Teachers will contact the Ministry of Children & Family Development at (604) 310-1234.
- 25) It is expected that parents accompany their children on all field trips but that the teacher or field trip coordinator will be contact person while on the field trip. (i.e. responsible)

### **ARTICLE III: EXECUTIVE**
